

Sowing Seeds of
Faith
www.stpeterlc.org

 **FAITH** needs a place to begin. Your heart is where the Lord wishes His Word to be planted.

 **ATTENTION** is needed for spiritual life to grow. The Word of God is the Water of Life.

 **INCREASE** your exposure to the Word and your faith will sprout and grow.

 **TRUST** that God will always be your Caretaker. He wants to see you have life and have it abundantly.

 **HOPE** will be the fruit of your relationship with Jesus as well as joy and peace with your believing. And Heaven will be your home.

St. Peter Lutheran Church
anchored in Christ, will gladly help you in your faith/life journey.

Sowing Seeds of Faith

Seeds, like people, come in all sorts of shapes and sizes. Some are quite amazing and exotic, while others are more ordinary. But all seeds must somehow be planted if they are to grow. We may nurture and care for those we love. But only God can make them grow.

C-Corn

Tall and strong reaching to the Heavens and providing nourishment for ourselves & our neighbors. We can grow strong & feed our faith through the Bible & The Word of Christ.

H-Herbs

Fresh herbs can add flavor & interest to soups, salads, pasta, stir fry, rice & etc. Studying & learning about the life & teachings of Christ adds incredible flavor & purpose to a life that may, otherwise, seem flavorless.

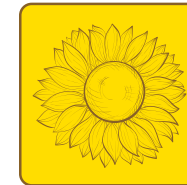

R-Radish

Small, crisp & spicy eaten plain with salt or gives texture & crunch to salads. Even small things, when done through Christ, can add flavor & zest to your life and the lives of those around you.

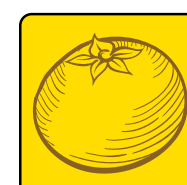

I-Irrigation

Provides water to gardens for strong healthy growth. Through Water (Baptism) & The Word (studying the Bible) we can grow ever stronger in our Faith & Commitment to God.

S-Sunflowers

Tall, bold & bright ever reaching & turning their heads to the sun. If we keep our heads & hearts turned toward the SON, we will grow ever stronger in Faith.

T-Tomato

Wild, tangly & unkempt but, with proper care, the tomato bears abundant, sweet, juicy fruit. Even though our lives may seem wild, tangled & without order, we can, with faith in Christ, change ourselves & bear sweet, beautiful fruit that will nourish ourselves & those around us.
